### **Bike & Tyre Choice**

This event takes place on grass, due to the recent dry weather it is expected that the ground is hard. Please plan for the weather leading up to the event.

We request the grass to be cut prior to our arrival however this is out of our control and lays with the grounds team of the school.

It is your decision over what type of bike and tyres to use however we would recommend that as it is grass, a mountain bike with knobby tyres are used.

Our advice above is purely advice however we will not take liability for the incorrect bike or tyre choice at any point.

# KNOW THE RULES

All the below are taken from the British Triathlon Competition Rules, available to download from the British Triathlon website.

## **RULE 2.1** Littering

All litter must be placed in bins or elsewhere specified by the Event Organiser – keep hold of it until you can dispose properly.

## **RULE 2.1** Racing Conduct

Everyone involved in your race is there to ensure you have a safe and enjoyable experience, so we ask that you respect your fellow competitors and treat all Technical Officials, Event Organisers, volunteers and spectators with courtesy. Any abuse towards these people will not be tolerated.

## **RULE 2.1** Know the Course

Make sure you know which route to take – check out course maps and if it's unclear, ask the Event Organiser before race day. Marshals are there to ensure the safety of the event, not just to point you in the right direction!

## **RULE 2.9** Race Numbers

During the cycle stage, race numbers must be visible from the back; during the run stage, race numbers must be visible from the front. Race numbers do not need to be worn during the swim segment. Take care not to fold or damage your number!

## **RULES 4.11|5.2|6.4** Illegal Equipment

Certain items are banned during the race – this includes headphones or earphones (including bone conduction), mobile phones and personal video recording devices. Leave these outside transition.

## **RULE 5.2** Helmets

Helmets must be clipped before the bike is touched, and remain done up until the bike is racked after the cycle stage.

## **RULE 5.4** Drafting

Competitors must keep their distance from the cyclist in front of them, so as not to gain an advantage.

In all races, the gap between the front wheel of the leading bike, to the front wheel of the following bike should be 12 metres – if overtaking a competitor, you have 25 seconds to pass through their draft zone.

## **RULE 7.1** Transition

Competitors should only bring into transition what is needed – a small bag can remain but large, bulky boxes are to be taken out of transition whilst the race is live.

This document does not feature all the rules. A full set of rules can be found at [www.britishtriathlon.org](http://www.britishtriathlon.org) - This document is for guidance purposes only.

## What is Age-Group Triathlon?

The non-elite format of the sport is known as Age-Group competition. Age-Group allows athletes to compete for medals and titles against fellow competitors within pre-defined age group categories. These age group categories are divided by age and are set apart by five year age bands, from 20-24 upwards to 80+.

There are also Tri Stars, Youth and Junior categories from ages 8 through to 19, with international competition starting at age 16 for sprint distances and 18 for standard distance and long distance. For international age-group competitions and age-group qualification all 16-19 year olds will be grouped as one Under 20 age category.

The age band category that you fall into depends on your age on December 31st in the year of competition. Example: If you are 35 on December 29th 2024 then for the whole of 2024 you will compete in the 35-39 age groups.

**The categories will be preceded by MALE (age 12 & under), FEM (for athletes who were female sex at birth) and OPEN (for all other athletes).**
